

DOHA BRITISH SCHOOL AIN KHALED CAMPUS

*Our core purpose is that every young person should gain as much as possible from our school,
based on our belief that all learners can, need and want to achieve.*

10th April 2016

Welcome back to all of our pupils and staff. We look forward to a great and highly productive summer term. The weather is getting hotter so please make sure you take the necessary precautions as you prepare your sons and daughters for school.

During the holiday we have had shading installed between the multi-purpose hall and the main building as well as behind the East Wing Reception classrooms. This is a great development that will be very beneficial for our pupils. Outside play will be more accessible and the newly shaded areas can be used as additional learning facilities during the school day. The shading has been provided through the efforts of Friends of DBS. They have also donated a digital piano that will reinforce our commitment to the development of the Performing Arts. The work that this group of dedicated parents does is of immense value. I would like to extend my gratitude to the committee and publicly acknowledge the tremendous impact they are having on the quality of the school environment.

Friends of DBS is a very important element of the school community. The group provides a strong link between the school and parents. It organises a number of events throughout the year which are always well-supported. I want to strengthen communication and understanding between the school and parents. Friends of DBS is a significant force to that end. They will soon be notifying you about the imminent Annual General Meeting. Please do everything you can to support them by attending and appreciating their efforts.

Yours sincerely

Terry McGuire
Principal
