Pre School Weekly Brief

w/c Sunday 17th January 2016

This week we are starting our topic on Nursery Rhymes. We will be making nursery rhyme books in our classes and the children will be encouraged to mark make and retell the nursery rhymes they are learning. In Maths the children will focus on counting with one to one correspondence i.e. one number name to each object. They will also identify how many objects are in a set and select the correct numeral.

Messages from the Teachers

- Please inform the class teacher if your child is sick via email by 10am otherwise your child is marked as an unauthorised absence.
- Science Day will be Thursday 28th January. More information to follow.
- Thank you for all the lovely food that you sent to school for International Day. The children enjoyed tasting food from other countries and loved our International Day Parade.

Activities for home

Play this game at home to support your child to count with one to one correspondence.
