[Click here to register](#)

## Teacher spotlight

After completing my PGCE, I began teaching at an inner city school in Manchester where I learned a lot about education and really fostered my passion for learning and the pastoral aspects of being a teacher. I was also able to teach different courses for both Business and Computing to all year groups. DBS is the first private school I have taught at and being here has given me wonderful opportunities to develop my teaching. This year, I have started to teach Computing again and it is so lovely to be able to teach KS3 students and help develop their love of Computers and the programmes we have available to us now. In Business, I highly enjoy the

the excitement Year 10 has of starting a new subject and for the Year 12/13 students who are so excited by the subject that they chose! For the last two years, I have had the pleasure of being Progress Leader for Year 7 and 8 and I have enjoyed every second. Whilst sometimes it is difficult and different challenges arise every day, I know I wouldn't choose anything else to be doing right now.

EVE THOMAS

## Parent corner

### The role of parents in their child's career choices

Ensuring your children are set up for a successful career, future financial security and a good quality of life is a pressing challenge for every parent. As parents, your children will look to you for advice and guidance even if they don't like to admit it!

How you can influence your child:

- Having a strong, mature parent-child relationship
- Set a good example (socially, personally and professionally) for your child
- The attitudes, views and values you adopt and express
- The expectations you set for your children's education, career and life
- The opportunities you provide for your children to learn and develop.

In terms of career choice, you should:

- Aid, but not dictate, the decision-making process
- Support your child's decisions
- Give your children freedom and time to discover their skills
- Provide motivation to develop and achieve
- Provide encouragement to pursue interests and ambitions
- Try to instil a responsible attitude and mature outlook
- Instil an attitude of self belief by being positive and never critical – as a parent your words will have the biggest effect on your child.

# University offers

We are pleased to announce some of the university destinations where our students have offers from

University of California - USA

University College London - UK

University of Bristol - UK

University of Toronto - Canada

Asia Pacific University - Malaysia

Charles University - Czech Republic

Maastricht University - Netherlands

University of Waterloo - Canada

Ryerson University - Canada

University of Leeds - UK

University of York - UK

Virginia Tech University - USA

LaSalle College of Arts -

Singapore

University of Nottingham - UK

University of Exeter - UK

Weill Cornell Medical - Qatar

University of Amsterdam -

Netherlands

University of Lisbon - Portugal

Kings College - London - UK

University of Melbourne - Australia

National University of Singapore -

Singapore

## Student spotlight

Hello, I'm Omar and I'm in year 11 going into year 12. I've attended DBS for 2 years now. I am the head of the year representative in the school's eco-committee and I also represent my form in the Student Council. I plan to go

into A levels and get a degree in Geography or Ecosystem Sciences. I am particularly aiming for this one degree from Lund University in Sweden.

I'm currently learning Swedish and I go to Boy Scouts. As you can tell, I like to contribute and give my service as much as possible. I also like

taking as much leadership as possible. For instance, I ran for president in the school's student Council. However, I was outvoted by my competitors. Another example is in boy scouts, I

am the sitting assistant senior patrol leader (fancy for vice president) Finally, in my free time I like to cycle or go camping in the desert.

## Summer Art and Design Highschool Program 2021 Virginia Commonwealth University in Qatar
