

The children have had lots of fun learning the nursery rhyme “Baa Baa Black Sheep” and have been learning all about farms. They have been busy drawing farms and building farms with the building blocks. In phonics and music the children have enjoyed making animal noises and playing musical instruments. Next week, we will continue our learning about farms and what things we get from farms e.g. milk, wool and eggs.

MESSAGE FROM THE TEACHERS:

If your child has a cough, fever or runny nose please keep them at home until they are better.

HOME ACTIVITY:

Make a 3D model of a farm animal using junk e.g. cereal boxes, toilet roll tubes etc.

Bring it in to share with the class.
