Dear Parents,

DBS Uniform Consultation

We are opening a consultation period for parents to engage with the school on a new DBS school uniform. The proposal would see a new uniform introduced and gradually phased in from the start of the 2022/23 academic year, with a gradual introduction over the course of two full academic years. The proposals from Zak's, the school's supplier will be available for viewing on the school website from the start of the consultation period and I would greatly appreciate your views and opinions. The consultation period will start February 14th 2022 until March 9th 2022. All details on how to share your thoughts and opinions will be detailed on the school website. Students and staff across all three DBS campuses are also involved in the consultation period to ensure we hear the views of all stakeholders.
