

The children have been busy learning all about their bodies and have had fun drawing round them. In maths they have been focussing on matching and have been using colours and pictures of body parts to develop this skill. In phonics the children have been learning the rhyme "Buster Buster". Next week the children will be learning all about "families" and will be focussing on developing their vocabulary by describing their family members.

## MESSAGE FROM THE TEACHERS:

Please send in a family picture on Sunday 18th September for show and tell. The children also need an object that is a "circle" e.g. sellotape, CD, saucerpan.
