

DOHA BRITISH SCHOOL

AL WAKRA CAMPUS

Our core purpose is that every young person should gain as much as possible from our school, based on our belief that all learners can, need and want to achieve.

May 19 2022

Dear parents,

I am writing to you this week, early in the final half-term of the academic year, to outline our expectation that all DBS Wakra students will remain in school until the final day of term 3, which is Thursday June 23. This day marks the final day of our external IGCSE exams for our Year 11 students whilst students in all other year groups will continue to be assessed by their teachers in a variety of ways – ongoing teacher assessments, end of topic tests, and so on – during this time.

We are also hoping to plan some interesting activities, and potentially some educational visits from external partners, during our final week of the term. To this end, if any families are aware of any companies who may be able to offer educational visits to school which could benefit our students, such information would be most gratefully received. For example, next week – during our STEM week – we have arranged for an organisation known as STEM Explorers to complement our own STEM-based teaching & learning. I know that many parents within our DBS Wakra community have wonderful links with organisations elsewhere in Qatar or work for companies who could help us in this regard.

As always, if any parents would like to contact me directly regarding this information, I would welcome them to do so via the email address below.

Yours sincerely,

Steven Miles.
