

DOHA BRITISH SCHOOL

AL WAKRA CAMPUS

Our core purpose is that every young person should gain as much as possible from our school, based on our belief that all learners can, need and want to achieve.

October 28 2021

Dear parents,

Thank you for the time that so many of you took to complete our recent half-termly surveys, the results of which are outlined below. Although I am delighted that the answers provided by parents were overwhelmingly positive, all teachers and other professionals at DBS Wakra will remain relentlessly determined to ensuring that we continue to strive for constant improvements to the education we offer your children. We will only be completely happy when we have 100% satisfaction from our community in all areas, basically.

Are you happy with the education that DBS Wakra is providing for your child?	96.1%
Do you feel that your child is given appropriate support/challenge for their learning?	94.8%
Does DBS Wakra communicate effectively with parents?	92.2%
Do you feel confident that you could communicate easily with a teacher if you had a concern?	90.9%
Would you recommend DBS Wakra to family or friends?	96.1%

There were also a number of very helpful points made in the free text sections during questions 6 & 7, and I would like to assure parents that all will be taken into consideration and – wherever possible – that they will be used to affect further positive change.

Copied below is a link to another parental survey, although this time one which is being sent to all parents of all DBS students across all three current campuses. This is an annual survey and I would once again be very grateful indeed if parents could take the time to complete this:
