

DOHA BRITISH SCHOOL

AL WAKRA

Our core purpose is that every young person should gain as much as possible from our school, based on our belief that all learners can, need and want to achieve.

Dear parents,

Copied below is a link to our third half-termly parental survey of this academic year. I would be very grateful indeed if as many parents as possible could complete the survey as honestly as possible:

Our aim with surveys is always to gain an as accurate as possible insight into what parents think about our school so that we can then adjust plans or make improvements wherever possible. We strive to be an outward-facing school which genuinely listens to all stakeholders and which tailors approaches in order to best serve our community.

Surveys are not the only way in which parents can present their views to either teachers or senior leaders, of course. We have intentionally sought to provide constantly open channels of communication between home and school and parents should find it very easy to either speak to teachers in person each day or to liaise via whichever online format works best for them.

After each round of surveys, which also includes questions for students and teachers, we will feed back to our DBS Wakra community about what the general feelings are about our school and what specific points we are able to address in a positive manner.

As always, if any parents would like to contact me directly regarding this information, I would welcome them to do so via the email address below.

Yours sincerely,

Steven Miles.
