Dear parents,

As you may recall, we began our CIS ([Council Of International Schools](#)) accreditation journey in September 2022 with a highly successful preparatory visit to our school by two experienced international school leaders, the report for which can be read [here](#). In November 2023, this journey will continue with the next stage of the accreditation process, namely a team evaluation visit to DBS Wakra by a larger team of experienced professionals from other CIS schools. Although we are already classed as a CIS member school due to the positive nature of our preparatory visit, the team evaluation visit later this year will determine whether or not we become fully accredited.

An important part of CIS accreditation, quite understandably, is an international school's approach to global citizenship. To this end, we are digging deeply into this aspect of our school's provision over the next term. This will include forming committees of both staff and students so that we can discuss our current strengths and areas for improvement in this regard, as well as seeking to collate the views of parents. Linked [here](#) is a survey for parents around the topic of global citizenship, and I would very grateful indeed if as many parents as possible could take the time to provide us with their thoughts.

As always, if any parents would like to contact me directly regarding this information, I would welcome them to do so via the email address below.

Yours sincerely,

Steven Miles.
