AL WAKRA

Primary Weekly Brief

Week Commencing the 26th November 2023

WHAT HAVE WE BEEN LEARNING THIS WEEK?

PRESCHOOL

It was an eventful, cold week in Preschool, where we worked up all our gross motor skills to ensure we stay warm and wiggled our fingers in movement for extra heat. Just like the Itsy Bitsy spider we kept pushing ourselves to be braver, and we learnt all about number 2 and rhyming words! We explored our artsy side by making spiders from scratch, don't be scared mummy and daddy!!

Reception

We had a great week in Reception. We learned about 6,7, 8 and in Literacy we dived in the ocean with The Rainbow Fish and we talked about being kind, sharing and making friends.

In Art we used paint to create our own rainbow fish. We used our estimating and measuring skills to make playdough. What a great way to end the week!

Year 1

WOW, what a super fun and fantastic week! The high of the week for our Bats and Butterflies was our trip to the Snow Dunes. The children got to experience the freezing temperatures whilst having lots of fun and making unforgettable memories! Our future writers have been exceptional in planning and writing their superhero narrative, we cannot wait to read the final piece! In maths, we created our own number lines and used this as a tool to support our learning. As always the children loved diving further into our history topic of 'toys' were they created a timeline of squishies! Thank you Year 1 for all your hard work, keep it up!

YEAR 2

Year Two have had a fantastic week of learning. In English, we have started generating new ideas for our garden narrative and using our adjective mat to include effective vocabulary. In Maths, we have used our 2D and 3D shape knowledge to answer a range of challenging and interesting questions. We also had the opportunity in Art to evaluate our jungle painting, reflecting on techniques we would like to develop and refine. Well done, Year Two! :)

Year 3

Year 3 have had an exciting week! We have been learning all about multiplication in Maths, which everyone has grasped - keep practicing your 3 and 4 timetables! In English we are continuing to use research to learn all about Wolves! In Geography we have started to create our own Volcanoes! Finally, Year 3 had an amazing trip around the Souq, National Museum and MIA park! Well-done year 3!

Year 4

Year 4 have had an amazing week this week! This week was jam-packed full of fun with the trip, the production and many exciting lessons. In Maths we have been multiplying 3 numbers together and we have demonstrated great confidence whilst doing so. In English, we have produced a shared write with a twisted ending for our fairytale sleeping beauty. During our art lessons we have been experimenting with different types of media, refining different techniques. Well done this week Y4 keep up the hard work.

Year 5

A fantastic week in Year 5! In Maths, we have learnt how to convert between improper fractions and mixed numbers. Next week, we will compare and order fractions. In English, we have looked at a WAGOLL, highlighting the key features of an exploration narrative. We have also worked on our setting description. Next week, we will begin to plan our very own explorative narratives!

YEAR 6

We've had an exciting week with rehearsals for Cinderella & Rockerfella well underway! During this time, the children have still managed to plan and begin writing their Hot Tasks on a flashback narrative from a refugee's perspective. In Maths, we have converted units of measurement and solved various word problems. We also completed experiments in Science using lemons in a circuit. Fab!

Español

Year 1: Has been learning to say the fruits linked to colours.

Year 2: Has been learning to describe family members using adjectives.

Year 3: Has been learning to say when is their birthday.

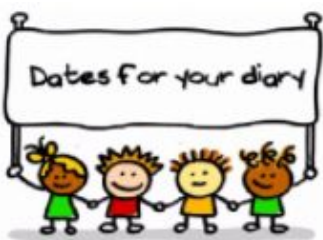

Year 4: Has been learning to describe their classroom using defined and undefined articles.

Year 5: Has been learning about the relatives using the verb "Tener" according to the gender.

Year 6: Has been learning about the regular verbs ending in "ER"

Music

This week Primary students have been playing body percussion beats, percussion instruments and ukulele. Also children have been focusing on the songs for the primary production of 'Cinderella and Rockerfella.' They have improved in singing so much and ability to sing in harmony as a group. Some of the songs are even split into 2 parts, which sounds incredible.

3rd December- Stop and Share (Y1-6)

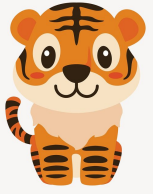

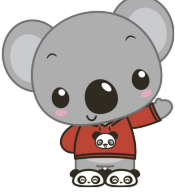

4th and 5th December- Cinderella and Rockerfella show (tickets on sale now)

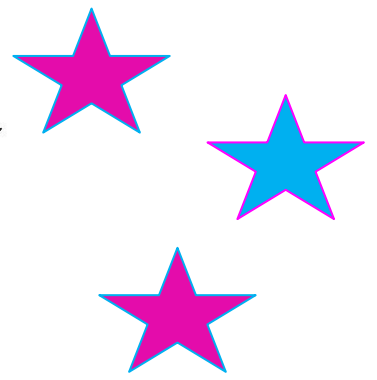

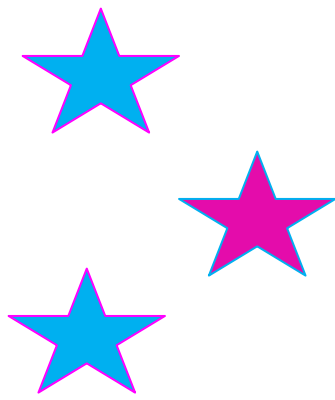

14th December- Qatar National Day Activities.

14th December- School closes for the winter break.
